FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections** state this proposal has no fiscal impact on their agency.

According to officials from the **Office of Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the proposal. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Transportation** concur with the assumptions from the Department of Revenue.

Officials from the **Department of Revenue (DOR)** provided the following assumptions of fiscal impact for this proposed legislation:

Administrative Impact - Motor Vehicle Bureau

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours of overtime at a cost of \$805 in FY 12.
- The Application for Missouri Personalized and Specialty License Plates (DOR-1716) will need to be revised to include a new plate type. This will require 40 hours of overtime for a Management Analyst Specialist I, at a cost of \$805 in FY 12.
- The DOR web site will need to be updated to include the new plate type. This will require 10 hours of overtime for an Administrative Analyst III, at a cost of \$218 in FY 12.

Total cost for FTE in FY 12: \$1,828

ASSUMPTION (continued)

Oversight assumes DOR is provided with core funding to handle a certain amount of activity each year. **Oversight** assumes DOR could absorb the personal service costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

Set-up cost

Currently, DOR is charged \$250 for the initial set-up of a new specialty plate for passenger, truck, and RV as well as an additional charge of \$90 each to include disabled and motorcycle plates, for a total of \$430 for the initial set-up. This is a one-time fee that will be charged upon passage of this proposal in FY 12.

Plate manufacturing cost

Currently, it costs DOR \$4.25 per plate, \$8.50 per set of plates, for manufacturing flat plates through Missouri Vocational Enterprises.

The Motor Vehicle Bureau contacted the International Conference of Police Chaplains (ICPC) to obtain information pertaining to the potential number of applicants who will qualify to obtain these plates, however DOR was unable to obtain the statistics. Therefore, the number of applicants who will wish to obtain this plate is unknown.

DOR is assuming 200 applicants in FY 12 at a cost to the Department of \$1,700 in FY 12.

Total cost for plate set-up (in FY 12 only) and manufacturing:

<u>FY 12</u>	<u>FY 13</u>	<u>FY 14</u>
\$1,847	\$1,743	\$1,786

§301.483.2 states "Any person who is lawfully in possession of such plates who resigns, is removed, or otherwise terminates or is terminated from association with the ICPC shall return such special plates to the director within fifteen days."

DOR will have to set up a system of communications with the ICPC to determine when and if an applicant has resigned, is removed, or otherwise terminates or is terminated from association with the ICPC. DOR may incur unknown additional costs for this.

ASSUMPTION (continued)

DOR will need to set up a system of tracking the 15 day period an applicant has to surrender the plates. DOR may incur unknown additional costs for this.

Information Technology - OA-ITSD (DOR):

System Modifications:

The Title and Registration Intranet Processing System (TRIPS) plate table would need to be updated to reflect the International Conference of Police Chaplains specialty plate.

Revenue Impact

The number of applicants who wish to obtain this plate is unknown. However, for each 100 International Conference of Police Chaplains specialty plate applications received, there will be an increase in revenue each year of \$1,500 as a result of the \$15 specialty plate fee that is constitutionally distributed as follows:

FY 12

75%-Highway Fund	\$1,125
15%- Cities	\$ 225
10%- Counties	\$ 150

Since it is unknown how many plate applications will be received for this plate, for fiscal note purposes only, **Oversight** will estimate revenue as: \$0 to Less than \$100,000. **Oversight** will also estimate cost to General Revenue as: \$0 to (Less than \$100,000).

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

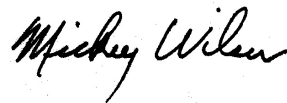

This proposal allows for a special license plate for a member of the International Conference of Police Chaplains who has completed the requirements for basic certification as a police chaplain.

To obtain this plate, a person must submit an application to the Director of the Department of Revenue accompanied by an affidavit stating his or her identification and certification along with an additional \$15 fee. Any person who is lawfully in possession of these plates and resigns, is removed, terminates, or is terminated from the international conference must return the plates to the department director within 15 days.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
